Ontario Genealogical Society
2001

This transcript consists of 2,246 entries of individuals found in the Galt Census of 1851. Galt now is part of the City of Cambridge. Every attempt has been made to be accurate in this extract from the census. Entries have been compared to other types of records to help clarify spellings. Feel free to contact us to make corrections concerning the entries.

Upper Canada in present day Ontario and Lower Canada is Quebec.

The F Problem

In the birthplace field occasionally is found AF Canada@. This seems to be an universal problem throughout the 1851 census. According to Brenda Merriman AF@ generally indicates one of two things:

- \$ French Canadian
- \$ Of British Parents

Canada F@ is often found beside the children of German (Mennonite) families in Waterloo County. It is apparent that Canada F is used when one of the parents usually the father is born in Canada.
